MR. K. D. SHETTY - CHAIRMAN BHAVANI GROUP

I would like to congratulate the Indian Bunts Chamber of Commerce and Industry in its mission to help grow commerce and trade in our very enterprising Bunts Community. The need of the hour is to encourage and mentor our next generation to think of new ideas and not hesitate to become a entrepreneur. When i came to Mumbai - there was no such chamber to assist me so had to go thru a lot of hardship in building my business empire. I feel the Indian Bunts Chamber of Commerce and Industry can play a very vital role in providing the encouragement and support to our next gen in building their empire. I encourage all bunts to join this chamber to make it a very Powerfull body which can help influence the policy makers to improve ease of business. My son had recently been part of the Industrial visit to various industries in Karnataka. This helped him also get exposure to the business and the process understanding of other businesses as well. Leadership plays a crucial role in guiding and uniting communities towards common goals. It requires vision, empathy, and a commitment to serving others. When our community leaders come together, it creates a platform for collaboration, innovation, and positive change. As members of this community, let us continue to support and appreciate the efforts of the IBCCI in fostering leadership, unity, and compassion within our community. Together, we can build a brighter future for all.

Our recent industrial visit to Bangalore, organized by IBCCI, was an exceptional experience that exceeded our expectations. The meticulously planned itinerary provided us with a comprehensive overview of the industrial landscape in Bangalore and offered valuable insights into various sectors. It helped us network with other entrepreneurs and gave us a transformative experience. We could witness the remarkable progress of industries that we visited in Bangalore and got insights into the working of different industry. Thanks IBCCI for the opportunity given

MR. RAVINDRA N. SHETTY - CHARTERED ACCOUNTANT

This was my first industrial visit thru IBCCI. Initially i thought that as a CA i will not get too much to learn. However thru the visit i could get a lot of exposure to the various industries of plastics, packaging, cnc machines etc. More important came to know a lot of entrepreneurs and the way they have scaled up their business. I recommend these visits more for our next generation to get the exposure at an early age. I wish IBCCI all the success and congragulate them on a lovely industrial visits.

MR. JITENDRA SHETTY - LEADING RESTAURANT - AKARSHAN VIKHROLI

I was reluctant to go for the industrial visit being a hotelier. But after my visit i felt that it was a eye opening experience to see the way industries have scaled business. Many learnings i personally got in terms of adoption in our hotel business as well. I think our next generation must definitely participate in such usefull business visits and gain real life experience.

MR. KUSHAL BHANDARY - VIHANG GROUP OF HOTELS

A hearty thanks to the organising committee of IBCCI for organising such an influential and informative industrial tour of Bangalore. Connecting with some of the well known industrialists of our community and knowing about their growth and their future expansions that will help shape our community and country to towards a strong and self dependent nation.
